Professor Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison 6, Wisconsin

Dear Josh:

Thanks very much for sending me the carbon of your letter to Prof. Cohen. I recall with much sheepishness the assurance with which I offered my opinion that day on the beach at Woods Hole.

We are in New York temporarily, awaiting the impending birth of a baby. As soon as the neonate can travel we shall go back to Woods Hole for the rest of my sabbatical.

Best regards.

Sincerely,

Hardy

Maybe (B) Cohen or Fraulshui / Farndoy?

to record: met Shoshana's Gabriel
(this Jerry Rosenberg) at Carnegie Mellon Univ 9/22
He's down at U/Pitts. should be in other
correspondence.
